

Drastic Prohibition Bill Goes To Wilson

WILL BECOME LAW OCTOBER 28TH WHETHER PRESIDENT SIGNS OR NOT

AFTER WHICH IT WILL BE UNLAWFUL TO BREW, DISTILL OR SELL LIQUOR WHICH WILL INTOXICATE

NO HINT OF VETO IS HEARD

WASHINGTON, Oct. 20—The prohibition law, deemed one of the most sweeping acts ever passed by Congress, was expected to be sent to the White House today by Attorney General Palmer who has been investigating its constitutionality.

This plan, it was learned, is for the bill to remain at the White House until October 28, when it will become effective even without President Wilson's signature.

From responsible quarters there has been no hint of a veto. Under this law, on October 28, it would become illegal to manufacture or sell liquor containing more than 1-2 of 1 per cent. alcohol. No beverage can contain more than that amount of alcohol. Commissioners are authorized to swear out warrants and to arrest the offenders.

WASHINGTON, Oct. 20—There is a very slight trend that President Wilson will raise the war time ban before the constitutional prohibition becomes effective in January, it was learned from responsible sources today. Upon ratification of the German treaty the President will proclaim peace even though the United States still is at war technically with Austria according to this information.

Declaration of peace would make possible the lifting of the ban. Those favoring the wets profess to believe the President would not be bound by a technical state of war. However, it was learned that the Austrian state of war has been almost completely overlooked by government officials in figuring on when the war could be officially declared ended. Wilson is expected to ask the Department of Justice for an opinion on this subject before he declares peace.

EXPECT ARREST OF TWO SUSPECTS IN ANSTRAW CASE VERY SOON

LATROBE, Oct. 20—A strong web of circumstantial evidence is being woven around two suspects in the murder of Emma Anstraw, school teacher, and arrests may be expected momentarily according to Burgess Peoples who is determined that the brutal murderer or murderers must be apprehended at any cost. Peoples announced that the detectives assigned to the case since the trial of James Crawford and John Ray have uncovered startling evidence which ultimately will bring those responsible to justice.

An interesting development was made known when it was learned that James Crawford found not guilty by reason of insanity had signed his alleged confession over his mark. Crawford can write but others had him fake the confession.

EMBEZZLER SHOOT'S SELF

MT. CARMEL, Oct. 20—George Feast, manager of the Mt. Carmel Iron works captured in Philadelphia Saturday on a warrant charging him with embezzlement of \$20,000 of the company's funds committed suicide on a passenger train by shooting himself through the heart. At the time he was in custody of two officers who were bringing him to Mt. Carmel. A widow and two sons survive.

COL. HOUSE ABLE TO BE UP

NEW YORK, Oct. 20—Col. E. M. House who has been ill in bed since his arrival from Europe was able to be up today and is gaining strength rapidly according to reports from his home. It is expected he will be able to leave for Washington within ten days.

EFFORT TO START MILLS FAIL

YOUNGSTOWN, Oct. 20—Efforts to extend operation in the Youngstown steel mills as the fifth week of the nation wide strike began were foiled by strikers last night who turned back several strike breakers imported from Pittsburgh. Union men met the strike breakers at the railroad depot and persuaded them to return to Pittsburgh.

YEGGMEN BLOW OFFICE VAULT AT WOODLAND

Get Little Plunder When They Use High Explosives In The Office Of Brick Company

TWO SUSPECTS ARE ARRESTED

Yeggs blew open the vault of the Harbinson-Walker office at Woodland last night at an unknown hour. This morning when the clerical force reported for work, they found the office vault door twisted and broken from the effects of high explosives, and the contents of the vault strewn about the place. The crime was immediately reported to the authorities, and a sweeping investigation of the occurrence is now under way as a result of which two suspects have been lodged in the county jail, and will be held there, pending further investigation of their presence at Woodland, and the following out of other clues.

The two men who are now held, were arrested early this morning, after the first inspection of the work of the yeggs. One of the first things that attracted the attention of the officers was a railroad car coupling pin, with which the yeggs had knocked the combination knob off the vault door, and off the safe door inside the vault. Such a pin had lain in an empty car at the upper or Hope Works, and inquiry there developed the fact that it had been taken. Further following up this clue, it was found that two hoboes had spent the evening at the Hope Works, and a search for these fellows was made. One of them, who gave his name as J. P. Herron, was arrested in Woodland, but the other man, R. E. Carpenter, was apprehended on the road between Woodland and Bigler. Herron claims he went through this vicinity about ten days ago, and if he is implicated in the vault blowing, it is likely that he obtained knowledge of the conditions at the brick yard office on that day.

In a statement tonight President Lewis said a recent report by the Federal trade commission revealed "that never before in the history of the mining industry have the operators been making such astonishing profits upon coal produced."

NOTHING NEW IN COAL STRIKE SITUATION

Lewis And Brewster Both Take Stand Making Situation Difficult To Adjust

COMMITTEE MEET TOMORROW

WASHINGTON, Oct. 19—There seemed little hope here tonight of averting the strike of half a million bituminous coal miners, called for November 1st.

After a series of conferences with labor leaders here and telephone talks with others in the Central coal territory, John L. Lewis, president of the United Mine Workers, of America, announced that the miners would go out unless all demands including the 5-day week, were granted.

The operators, standing by their decision not to consider any proposal looking to a shorter weekly schedule, and refusing to open negotiations unless the strike order was withdrawn, charged that the strike leaders were trying to force the country into submission by insisting upon acceptance of impossible demands.

"The strike will not be called off," Lewis declared.

"We will not arbitrate while the strike order stands," said Thomas T. Brewster, chairman of the operators' scale committee.

Meanwhile pressure was being brought to bear on both sides from many quarters to adjust their differences and save untold distress. Taking mental stock, Lewis said there would be enough coal on hand November 1 to keep the country warm 30 days.

Secretary of Labor Wilson at whose invitation the scale committee of the miners and operators will meet with him here Tuesday, declined to comment on the negotiations and continued to hope that he would be able to bring about peace.

LANSING SEEKS CONFIRMATION OF REPORT ON PETROGRAD BEING TAKEN

WASHINGTON, Oct. 20—The State department today was making an effort to obtain from Russia confirmation or denial of conflicting reports of the capture of Petrograd and Kronstadt. The announcement of the capture was made by the general staff of the Finnish army, according to dispatches to the State Department. This message was very brief and was received Saturday. American officials however, stationed near Petrograd cable under date of yesterday that there was no confirmation of the Finnish announcement.

ATTENTION REPUBLICANS

Borough Chairman A. R. Chase has issued a call for a meeting of all Republicans in Clearfield Borough to be held tomorrow evening at 7:30 in the Arbitration Room of the Court House. It is the duty of every man in Clearfield who calls himself a Republican to be at this meeting tomorrow night. The success of a party is measured by the interest of its members. There are many reasons at this time why every Republican should interest himself in the affairs of his party and particularly in the success of its nominees at the coming election. A presidential year is approaching. The bigger the Republican majority this year for our county officers the bigger will be the majority next year for Republican principles of America first. In Mr. Chase, the Republicans have an able chairman. Let us all get behind him to the limit.

PALMER WARNS BEET SUGAR MAKERS

WASHINGTON, Oct. 20—Attorney General Palmer today threatened prosecution against beet sugar refineries who ask higher prices than those set by the Sugar Equalization Board.

WILSON WILL USE WHIP HAND TO KEEP INDUSTRIAL CONGRESS GOING

WILL REPLACE INDIVIDUALS OR GROUPS WHO MAY BOLT THE CONFERENCE OVER PRINCIPLES

TOO MUCH AT STAKE TO QUIT

WASHINGTON, Oct. 20—President Wilson passed a comfortable night it was stated at the White House this morning. The attack of indigestion which he suffered yesterday gave him no further trouble.

WASHINGTON, Oct. 20—President Wilson will not permit the national industrial conference to break up in a disagreement, it was learned on high authority at the White House today. If any delegates quit the conference, the President will replace with substitutes or cause them to remain, it was made clear. Even if an entire group walks out, the Administration would make an effort to have it replaced. The industrial conference is willing to see it through according to the attitude at the executive mansion. So much is at stake that the government cannot afford to see the conference go to pieces.

DOUGHBOYS WILL UNLOAD BOATS TIED UP IN NEW YORK HARBOR

NEW YORK, Oct. 20—Five hundred soldiers arrived here today and will be employed in unloading boats by the United States Shipping Board tied up in this port by the longshore men's strike. This was announced by U. S. army officials at Hoboken. The conciliation commission composed of Secretary of Labor Wilson, Mayor Hylan, James A. Hughes, Immigration commissioner of Philadelphia and Paul Vattereller were to hold another meeting today in an attempt to end the strike.

WASHINGTON, Oct. 20—Secretary of War Baker today refused to request of Mayor Hylan of New York to withdraw troops from the water front sent to replace striking longshore men so that army transports may be unloaded.

THINKS F. T. C. HARBORS SOCIALISTS

WASHINGTON, Oct. 20—Investigation of charges that employees of the Federal Trade commission are engaged in Socialist propaganda is called for in a resolution introduced by Senator Watson, of Indiana today.

MRS. SARAH AUGHENBAUGH DIES

Mrs. Sarah Aughenbaugh died yesterday at the home of her daughter Mrs. J. S. Beahan. The funeral services will be conducted from St. Francis church at nine o'clock Wednesday morning.

STOCK OPENINGS

NEW YORK—Prices were irregular among the leading issues at the stock market opening today. United States Steel opened at 100 7-8 up 1-4. American Locomotive at 100 3-4 off 1-2. Bethlehem B. at 104 off 1-8.

SCAT! YOU HELL-RAISERS

FOREIGN BOMB-TOSSERS ARE PLANNING TO COME OVER AND RUN AMERICA FOR US: HOW ABOUT IT?

By WILLIAM PHILIP SIMMS

Protected by W. P. Simms

Wherever I went in Europe I heard the same story:

"America for US as soon as the war's over!"

And don't think for one minute that they were fooling.

If ever they meant anything in their lives they meant that.

For the next hundred years Europe is not going to be the nicest place in the world to live in. Taxes will be enormous. Wages, compared with ours, will be low. Cost of living high.

Military, and other compulsory services, with which the various governments will have to overload the people, will be onerous, while the whole shebang is bound to continue in a ready-to-bolt-over state, trying in the extreme.

The result of this continent-wide unrest will be a vast, spontaneous movement from the Old World towards the New.

Particularly will this be true of the Central Empires, where the burden left by the war will weigh heaviest. From Germany, Austria, Hungary, Turkey, Bulgaria, and Russia too, we must expect a colossal stampede of immigrants unless, what might appear undemocratic, measures are taken.

From 1870—year of the Franco-Prussian war—up to 1918, we took in 4,229,464 Germans and 4,064,938 Austrians, a total of \$,304,402 aliens from these two countries alone.

We can expect 10,000,000 more in the next TEN YEARS if we leave the bars even half-way down.

Many deserving foreigners wish to come to America and become citizens, and build homes for themselves and their children.

But many more want to come to contaminate the citizens we already have, and NOT to build homes for themselves but to wreck ours.

We have the best paid labor in the world.

By and large we have the most contented labor in the world.

Our workers have nice, comfortable houses, with bath tubs in them and these bath tubs are put to the proper use with the proper frequency.

American labor wears good clothes, rides in its own automobiles, spends a day picnicing in the country now and then, goes to the theatre, to the church, and generally lives a sane, happy life.

Its family is well looked after, is neat and stylish, and its children go to school as a first step towards becoming first-class citizens.

Do we want this state of things upset?

It is not a question of selfishness, nor of closing our door to the down-trodden of other lands. It is a case of self-preservation.

We do not need the bewhiskered bolshevik over here to tell us how to run our country; nor foreign anarchists, disguised as working folk, to tell our labor unions how to conduct their business.

America belongs to you and yours. Let the right kind enjoy it with you—it's the only American thing to do—but unless a soft-pedal is put on for a while this country will become the dumping-heap of the world.

It's easier to KEEP THESE PEOPLE OUT than to PUT THEM OUT.

We've trouble enough as it is without importing more.

TOMORROW—"A Straight Tip From the Devil."

QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts before breakfast if your Back hurts or Bladder is troubling you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid, which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and

PRICE OF POTATOES

The price of potatoes shows a downward tendency. In many localities hereabouts they have been retailing at \$1.25 a bushel, while the shipping price has dropped to \$1.00. Many growers, fearing still lower prices, have been hustling to unload their crops at the dollar figure. Potatoes are said to be plentiful in New York and Pennsylvania.—Watkins, N. Y. Review, Oct. 15th, 1919.

AN OLD RECIPE TO DARKEN HAIR

Common garden Sage and Sulphur makes streaked or gray hair dark and youthful at once.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe, improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.

the blood pure, thereby avoiding serious kidney complications.

How to Foil Wind and Weather on Washday

From now until spring a battle that endangers health must on washday be waged with rain and sleet.

That, or drying the washing in the cellar or attic, with its attendant inconvenience and sour smells.

Of course we can not order weather to our fancy, but if you would laugh at mud and water, save your health and keep your hands and face free from chapping and roughness, telephone us.

Next, bundle up your family washing and have our driver call for it.

In our laundry your things are initiated where the mark never shows. Everything is sorted, too—table linen is washed only with table linen, hosiery with hosiery. There is no indiscriminate mixing. And it is laundered in fleecy suds of silky softness.

The weather, and the hardship of fall and winter washing need never be a source of worry. Use your telephone and let us help you.

It was once the custom in Korea that a man was not allowed to attain to the dignity of trousers until he married. A bachelor was forced to wear skirts as one who possessed no definite position in society. Moreover, the law prohibited marriage unless the man was able to support a wife on the station to which he was used, so that the skirt also served as an index to income.

NEWS OF OUR NEIGHBORS

CURWENSVILLE

A number of Curwensville hunters fished themselves to the fatness of the mountains yesterday took possession of the many hunting lodges and prepared themselves for a week's hunt after the deceptive pheasant. The birds are said to be quite plentiful and are in prime condition. The mild winter last season did not destroy many pheasants as winters previous, hence the explanation for their unusual plentifulness this season.

Harry Emory of Philipsburg, was the guest of Mrs. Joseph P. Robinson over Sunday.

Charles Shale, a track foreman for the P. R. R. and located between this place and Tyrone, spent Sunday with relatives in town. Prior to his assuming work with the railroad company Mr. Shale was employed as outside foreman at the Penna. Hide and Leather company's tannery.

Leroy Williams and family, of Clearfield spent Sunday with his parents Mr. and Mrs. Samuel Williams on South Side.

Mr. Kephart nine foreman at the Clearfield colliery on the other side of the river journeyed to his old home at Oseola Saturday and spent the Sabbath with his mother.

A meat and vegetable supper will be held in the Presbyterian church on Thursday evening, October 23d. The price for the full course will be 50 cents.

Sergeant George Hile who has been on duty with the army of occupation in France and Germany for the past eighteen months, returned to Curwensville on Sabbath morning. He was accompanied by a comrade. The sergeant is a brother of Mrs. Walter Norris, of Pike township. He liked the life of a soldier well enough, but was glad to plant his feet on good American soil again.

Ed. Fee, of New York, who resided in this town some twenty-five years ago was a town visitor last Friday. He met a few of the lads who played with him along the river bank, now

THIS COLUMN FOR BOYS AND GIRLS AND PARENTS

Winter Quarters in the Woods

While summer is here all animals may camp more or less in the open air, but winter with its icy winds and fierce storms calls for snuggler and more protected homes and late autumn finds them seeking sheltered quarters. Burrows in the earth are deepened, holes in trees sought out and warmly lined and dens amid tumbled rocks appropriated by these little folks of the wild.

By careful searching you may find some of these woodland homes; they are plentiful enough. One tree is known to have harbored several families, each one the natural enemy of the others, yet they were all alive when discovered. At the foot of the tree under some rocks was the entrance to the home of a fox. The hole higher up, and still higher, in another hole, some flying squirrels were housed.

The FOX is a sensible fellow in regard to fresh air and will not resort to his stuffy den except in bad weather, choosing rather to sleep out under bushes or hidden amid underbrush. It is usually the storms of winter that drive him to cover in burrows underground or into hollow logs or old tree trunks and he is out again when fair weather comes. Being so seldom at home you may meet him almost any time of day, though as a rule he does his hunting in the gray of early morning and the evening twilight.

Sometimes the WHITE-FOOTED MOUSE builds his one-room house deep in the forest, but oftener it is near a clearing in a tangle of vines and bushes. The nest—like a bird's—is made of grasses, moss, dried leaves, and much tree bark. It is rounded in

shape and the small doorway is likely to be on the lower side.

grown to manhood, but the majority of the people had outgrown his memory. He commented on the rapid strides this town had made toward the line of prosperity during his absence. He is now following railroad-ing.

Mr. and Mrs. J. E. Carpenter of the Park House left yesterday for Pittsburgh where they will spend the week visiting with friends.

Oscar Mulholland and family went to Karthaus last Saturday to spend several days visiting relatives of Mr. Mulholland.

One Book Among Thousands

BY ISABEL CLAYTON
Francis W. Parker School

Can you find a number in a telephone book? All right, then, you can also find a book in a library.

Books are listed in the library's card catalog by author, title, or subject. For example, you would find the book "Wild Animals I Have Known," by Ernest Thompson Seton, under the author "Seton" in the drawer marked S; under the title "Wild Animals I Have Known" in the drawer marked W; and under the subject "Animals" in the drawer marked A.

In the upper left hand corner of the card you will find some numbers and letters. For this book the number is "590" with "Seton" written right underneath it. These are what is known as the shelf or call number

590 Seton, Ernest Thompson 1860
Set 7 Wild Animals I Have Known

New York, Charles Scribner's Sons
1916 357 p. illus. pl. 8"

and show the location of the book on the shelf. If the library does not permit people to go to the shelves, hand this number on a slip of paper to the librarian and she will get the book for you.

If you are permitted to go to the shelves, you will find the books arranged in numerical order according to the Dewey Decimal Classification. All books on one subject have the same number; for example, 590 is the number for books about animals.

The "Author Number," Seton, is used to distinguish between the different books on the same subject. All the animals, or "590" books will be arranged alphabetically according to the authors' names. "Set" of course stands for Seton; but, if there were "Se" only, you might think it stood for Sedwick, Seeley, or Sevell. The "7W" shows which "Se" it is.

Biographies are an exception to this rule. They are arranged alphabetically by the names of the persons written about. Fiction, or stories that are not true, are placed by themselves and are arranged alphabetically by the author number alone.

Howard Mays, a resident of Bloomington, died Sunday morning. He had been ill a long time and his demise was not unexpected by those who were acquainted with his disease. He formerly resided on South Side, and after removing to Bloomington followed the occupation of a miner. He was aged about 25 years and was a brother of Harry Mays and Mrs. Deers of this place. His funeral will be held on Tuesday. Interment in Oak Hill cemetery.

Yankee Doodle in Berlin

Beautiful mermaids of the sea! Appearing in the most wonderful bathing costumes ever conceived! Here is something NEW. First you see that funniest of travelogues, "YANKEE DOODLE IN BERLIN," with BOTHWELL BROWNE and the BATHING GIRLS. Then the original girls, who played the principal parts in the picture, step out before you in the most alluring costumes. It is a real feature and one that you cannot afford to miss. The prices will be: Matinee, 25 cents. Night, 50 and 75 cents, plus war tax

WEDNESDAY, OCTOBER 22ND

Our reputation for REAL feature pictures is established. But what of a REAL serial? But we've found something good. It is

Elmo The Mighty

and it stars ELMO LINCOLN, that tripping young giant who won so much praise in "TARZAN OF THE APES". It is a land in the great Northwest, and every thing that can be classified as thrill will be found in this. Remember GRACE CUNARD, of "BROKEN COIN" fame? She is Elmo's leading lady. Our feature is "FIGHTING BLOOD," starring that virile actor WILLIAM FARNUM, in a stirring western role.

Better Times
IS HERE!

Do you recall how "THE TURN IN THE ROAD" gripped you last Friday? Here's a second by that splendid director, KING VIDOR, and it's better than the first. "BETTER TIMES" isn't a proclamation against pessimism, nor a sermon on hope, but it illustrates, in a clever and entertaining fashion, one very human truth. You'll feel better after seeing "BETTER TIMES." Your food will digest with less opposition, and the birds will sing more sweetly. If you've got a friend with a grouch, bring him to see "BETTER TIMES." Mark Sennett Comedy. Pathe News and Vox-A-Vox Pictures. Travelog.

MARGARET K. LIVERIGHT
SecretaryTO THE REPUBLICANS
OF CLEARFIELD COUNTY

I take this opportunity of expressing my appreciation of the support given me for county treasurer at the primary election. While not a winner, the votes given me were none the less appreciated and will be remembered. My opponent, A. H. Rumberger, at the primary won a clean fight and along with the entire Republican ticket will have my hearty support.

BEGIN HOT WATER
DRINKING IF YOU
DON'T FEEL RIGHT

Says glass of hot water with phosphate before breakfast washes out poisons.

If you wake up with a bad taste, bad breath and tongue is coated; if your head is aching; if what you eat sours and forms acid in stomach, or you are bilious, constipated, nervous, sallow and can't get feeling just right, begin inside bathing. Drink before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it. This will flush the poisons and toxins from stomach, liver, kidneys and bowels and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning to wash out of the system all the previous day's poisonous waste, gases and sour bile before eating more food.

To feel like young folks feel; like you felt before your blood and muscles became loaded with body impurities, get from your pharmacist a quarter pound of limestone phosphate, which is inexpensive and almost tasteless.

Men and women who are usually constipated, bilious, headachy or have any stomach disorder should begin this inside bathing before breakfast.

ATTENTION, REPUBLICANS

The City Vigilance committee and all other Clearfield Republicans interested in the success of the party ticket nominated at the recent primary election are requested to attend a meeting to be held in the Arbitration room of the court house Tuesday evening, October 21st at 7:30 o'clock.

Yours for success in November.

STOMACH UPSET?

Get at the Real Cause—Take

Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested food? Take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like, 10 and 35c.

Drastic Prohibition Bill Goes To Wilson

WILL BECOME LAW OCTOBER 28TH WHETHER PRESIDENT SIGNS OR NOT

AFTER WHICH IT WILL BE UNLAWFUL TO BREW, DISTILL OR SELL LIQUOR WHICH WILL INTOXICATE

NO HINT OF VETO IS HEARD

WASHINGTON, Oct. 20—The prohibition law, deemed one of the most sweeping acts ever passed by Congress, was expected to be sent to the White House today by Attorney General Palmer who has been investigating its constitutionality.

This plan, it was learned, is for the bill to remain at the White House until October 28, when it will become effective even without President Wilson's signature.

From responsible quarters there has been no hint of a veto. Under this law, on October 28, it would become illegal to manufacture or sell liquor containing more than 1-2 of 1 per cent. alcohol. No beverage can contain more than that amount of alcohol. Commissioners are authorized to swear out warrants and to arrest the offenders.

WASHINGTON, Oct. 20—There is a very slight trend that President Wilson will raise the war time ban before the constitutional prohibition becomes effective in January, it was learned from responsible sources today. Upon ratification of the German treaty the President will proclaim peace even though the United States still is at war technically with Austria according to this information.

Declaration of peace would make possible the lifting of the ban. Those favoring the wets profess to believe the President would not be bound by a technical state of war. However, it was learned that the Austrian state of war has been almost completely overlooked by government officials in figuring on when the war could be officially declared ended. Wilson is expected to ask the Department of Justice for an opinion on this subject before he declares peace.

EXPECT ARREST OF TWO SUSPECTS IN ANSTRAW CASE VERY SOON

LATROBE, Oct. 20—A strong web of circumstantial evidence is being woven around two suspects in the murder of Emma Anstraw, school teacher, and arrests may be expected momentarily according to Burgess Peoples who is determined that the brutal murderer or murderers must be apprehended at any cost. Peoples announced that the detectives assigned to the case since the trial of James Crawford and John Ray have uncovered startling evidence which ultimately will bring those responsible to justice.

An interesting development was made known when it was learned that James Crawford found not guilty by reason of insanity had signed his alleged confession over his mark. Crawford can write but others had him fake the confession.

EMBEZZLER SHOOT'S SELF

MT. CARMEL, Oct. 20—George Feast, manager of the Mt. Carmel Iron works captured in Philadelphia Saturday on a warrant charging him with embezzlement of \$20,000 of the company's funds committed suicide on a passenger train by shooting himself through the heart. At the time he was in custody of two officers who were bringing him to Mt. Carmel. A widow and two sons survive.

COL. HOUSE ABLE TO BE UP

NEW YORK, Oct. 20—Col. E. M. House who has been ill in bed since his arrival from Europe was able to be up today and is gaining strength rapidly according to reports from his home. It is expected he will be able to leave for Washington within ten days.

EFFORT TO START MILLS FAIL

YOUNGSTOWN, Oct. 20—Efforts to extend operation in the Youngstown steel mills as the fifth week of the nation wide strike began were foiled by strikers last night who turned back several strike breakers imported from Pittsburgh. Union men met the strike breakers at the railroad depot and persuaded them to return to Pittsburgh.

YEGGMEN BLOW OFFICE VAULT AT WOODLAND

Get Little Plunder When They Use High Explosives In The Office Of Brick Company

TWO SUSPECTS ARE ARRESTED

Yeggs blew open the vault of the Harbinson-Walker office at Woodland last night at an unknown hour. This morning when the clerical force reported for work, they found the office vault door twisted and broken from the effects of high explosives, and the contents of the vault strewn about the place. The crime was immediately reported to the authorities, and a sweeping investigation of the occurrence is now under way as a result of which two suspects have been lodged in the county jail, and will be held there, pending further investigation of their presence at Woodland, and the following out of other clues.

The two men who are now held, were arrested early this morning, after the first inspection of the work of the yeggs. One of the first things that attracted the attention of the officers was a railroad car coupling pin, with which the yeggs had knocked the combination knob off the vault door, and off the safe door inside the vault. Such a pin had lain in an empty car at the upper or Hope Works, and inquiry there developed the fact that it had been taken. Further following up this clue, it was found that two hoboes had spent the evening at the Hope Works, and a search for these fellows was made. One of them, who gave his name as J. P. Herron, was arrested in Woodland, but the other man, R. E. Carpenter, was apprehended on the road between Woodland and Bigler. Herron claims he went through this vicinity about ten days ago, and if he is implicated in the vault blowing, it is likely that he obtained knowledge of the conditions at the brick yard office on that bring about peace.

In a statement tonight President Lewis said a recent report by the Federal trade commission revealed "that never before in the history of the mining industry have the operators been making such astonishing profits upon coal produced."

NOTHING NEW IN COAL STRIKE SITUATION

Lewis And Brewster Both Take Stand Making Situation Difficult To Adjust

COMMITTEE MEET TOMORROW

WASHINGTON, Oct. 19—There seemed little hope here tonight of averting the strike of half a million bituminous coal miners, called for November 1st.

After a series of conferences with labor leaders here and telephone talks with others in the Central coal territory, John L. Lewis, president of the United Mine Workers, of America, announced that the miners would go out unless all demands including the 5-day week, were granted.

The operators, standing by their decision not to consider any proposal looking to a shorter weekly schedule, and refusing to open negotiations unless the strike order was withdrawn, charged that the strike leaders were trying to force the country into submission by insisting upon acceptance of impossible demands.

"The strike will not be called off," Lewis declared.

"We will not arbitrate while the strike order stands," said Thomas T. Brewster, chairman of the operators' scale committee.

Meanwhile pressure was being brought to bear on both sides from many quarters to adjust their differences and save untold distress. Taking mental stock, Lewis said there would be enough coal on hand November 1 to keep the country warm 30 days.

Secretary of Labor Wilson at whose invitation the scale committee of the miners and operators will meet with him here Tuesday, declined to comment on the negotiations and continued to hope that he would be able to

LANSING SEEKS CONFIRMATION OF REPORT ON PETROGRAD BEING TAKEN

WASHINGTON, Oct. 20—The State department today was making an effort to obtain from Russia confirmation or denial of conflicting reports of the capture of Petrograd and Kronstadt. The announcement of the capture was made by the general staff of the Finnish army, according to dispatches to the State Department. This message was very brief and was received Saturday. American officials however, stationed near Petrograd cable under date of yesterday that there was no confirmation of the Finnish announcement.

ATTENTION REPUBLICANS

Borough Chairman A. R. Chase has issued a call for a meeting of all Republicans in Clearfield Borough to be held tomorrow evening at 7:30 in the Arbitration Room of the Court House. It is the duty of every man in Clearfield who calls himself a Republican to be at this meeting tomorrow night. The success of a party is measured by the interest of its members. There are many reasons at this time why every Republican should interest himself in the affairs of his party and particularly in the success of its nominees at the coming election. A presidential year is approaching. The bigger the Republican majority this year for our county officers the bigger will be the majority next year for Republican principles of America first. In Mr. Chase, the Republicans have an able chairman. Let us all get behind him to the limit.

PALMER WARNS BEET SUGAR MAKERS

WASHINGTON, Oct. 20—Attorney General Palmer today threatened prosecution against beet sugar refineries who ask higher prices than those set by the Sugar Equalization Board.

WILSON WILL USE WHIP HAND TO KEEP INDUSTRIAL CONGRESS GOING

WILL REPLACE INDIVIDUALS OR GROUPS WHO MAY BOLT THE CONFERENCE OVER PRINCIPLES

TOO MUCH AT STAKE TO QUIT

WASHINGTON, Oct. 20—President Wilson passed a comfortable night it was stated at the White House this morning. The attack of indigestion which he suffered yesterday gave him no further trouble.

WASHINGTON, Oct. 20—President Wilson will not permit the national industrial conference to break up in a disagreement, it was learned on high authority at the White House today. If any delegates quit the conference, the President will replace with substitutes or cause them to remain, it was made clear. Even if an entire group walks out, the Administration would make an effort to have it replaced. The industrial conference is willing to see it through according to the attitude at the executive mansion. So much is at stake that the government cannot afford to see the conference go to pieces.

DOUGHBOYS WILL UNLOAD BOATS TIED UP IN NEW YORK HARBOR

NEW YORK, Oct. 20—Five hundred soldiers arrived here today and will be employed in unloading boats by the United States Shipping Board tied up in this port by the longshore men's strike. This was announced by U. S. army officials at Hoboken. The conciliation commission composed of Secretary of Labor Wilson, Mayor Hylan, James A. Hughes, Immigration commissioner of Philadelphia and Paul Vattereller were to hold another meeting today in an attempt to end the strike.

WASHINGTON, Oct. 20—Secretary of War Baker today refused to request of Mayor Hylan of New York to withdraw troops from the water front sent to replace striking longshore men so that army transports may be unloaded.

SCAT! YOU HELL-RAISERS

FOREIGN BOMB-TOSSERS ARE PLANNING TO COME OVER AND RUN AMERICA FOR US: HOW ABOUT IT?

By WILLIAM PHILIP SIMMS

Protected by W. P. Simms

Wherever I went in Europe I heard the same story:

"America for US as soon as the war's over!"

And don't think for one minute that they were fooling.

If ever they meant anything in their lives they meant that.

For the next hundred years Europe is not going to be the nicest place in the world to live in. Taxes will be enormous. Wages, compared with ours, will be low. Cost of living high.

Military, and other compulsory services, with which the various governments will have to overload the people, will be enormous, while the whole shebang is bound to continue in a ready-to-bolt-over state, trying in the extreme.

The result of this continent-wide unrest will be a vast, spontaneous movement from the Old World towards the New.

Particularly will this be true of the Central Empires, where the burden left by the war will weigh heaviest. From Germany, Austria, Hungary, Turkey, Bulgaria, and Russia too, we must expect a colossal stampede of immigrants unless, what might appear undemocratic, measures are taken.

From 1870—year of the Franco-Prussian war—up to 1918, we took in 4,229,464 Germans and 4,064,938 Austrians, a total of \$304,402 aliens from these two countries alone.

We can expect 10,000,000 more in the next TEN YEARS if we leave the bars even half-way down.

Many deserving foreigners wish to come to America and become citizens, and build homes for themselves and their children.

But many more want to come to contaminate the citizens we already have, and NOT to build homes for themselves but to wreck ours.

We have the best paid labor in the world.

By and large we have the most contented labor in the world.

Our workers have nice, comfortable houses, with bath tubs in them and these bath tubs are put to the proper use with the proper frequency.

American labor wears good clothes, rides in its own automobiles, spends a day picnicing in the country now and then, goes to the theatre, to the church, and generally lives a sane, happy life.

Its family is well looked after, is neat and stylish, and its children go to school as a first step towards becoming first-class citizens.

Do we want this state of things upset?

It is not a question of selfishness, nor of closing our door to the down-trodden of other lands. It is a case of self-preservation.

We do not need the bewhiskered bolshevik over here to tell us how to run our country; nor foreign anarchists, disguised as working folk, to tell our labor unions how to conduct their business.

America belongs to you and yours. Let the right kind enjoy it with you—it's the only American thing to do—but unless a soft-pedal is put on for a while this country will become the dumping-heap of the world.

It's easier to KEEP THESE PEOPLE OUT than to PUT THEM OUT.

We've trouble enough as it is without importing more.

TOMORROW—"A Straight Tip From the Devil."

QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts before breakfast if your Back hurts or Bladder is troubling you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid, which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and

PRICE OF POTATOES

The price of potatoes shows a downward tendency. In many localities hereabouts they have been retailing at \$1.25 a bushel, while the shipping price has dropped to \$1.00. Many growers, fearing still lower prices, have been hustling to unload their crops at the dollar figure. Potatoes are said to be plentiful in New York and Pennsylvania.—Watkins, N. Y. Review, Oct. 15th, 1919.

AN OLD RECIPE TO DARKEN HAIR

Common garden Sage and Sulphur makes streaked or gray hair dark and youthful at once.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe, improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.

the blood pure, thereby avoiding serious kidney complications.

How to Foil Wind and Weather on Washday

From now until spring a battle that endangers health must on washday be waged with rain and sleet.

That, or drying the washing in the cellar or attic, with its attendant inconvenience and sour smells.

Of course we can not order weather to our fancy, but if you would laugh at mud and water, save your health and keep your hands and face free from chapping and roughness, telephone us.

Next, bundle up your family washing and have our driver call for it.

In our laundry your things are initiated where the mark never shows. Everything is sorted, too—table linen is washed only with table linen, hosiery with hosiery. There is no indiscriminate mixing. And it is laundered in fancy suds of silky softness.

The weather, and the hardship of fall and winter washing need never be a source of worry. Use your telephone and let us help you.

It was once the custom in Korea that a man was not allowed to attain to the dignity of trousers until he married. A bachelor was forced to wear skirts as one who possessed no definite position in society. Moreover, the law prohibited marriage unless the man was able to support a wife on the station to which he was used, so that the skirt also served as an index to income.

NEWS OF OUR NEIGHBORS

CURWENSVILLE

A number of Curwensville hunters fished themselves to the fatness of the mountains yesterday took possession of the many hunting lodges and prepared themselves for a week's hunt after the deceptive pheasant. The birds are said to be quite plentiful and are in prime condition. The mild winter last season did not destroy many pheasants as winters previous, hence the explanation for their unusual plentifulness this season.

Harry Emory of Philipsburg, was the guest of Mrs. Joseph P. Robinson over Sunday.

Charles Shade, a track foreman for the P. R. R. and located between this place and Tyrone, spent Sunday with relatives in town. Prior to his assuming work with the railroad company Mr. Shade was employed as outside foreman at the Penna. Hide and Leather company's tannery.

Leroy Williams and family, of Clearfield spent Sunday with his parents Mr. and Mrs. Samuel Williams on South Side.

Mr. Kephart nine foreman at the Clearfield colliery on the other side of the river journeyed to his old home at Oseola Saturday and spent the Sabbath with his mother.

A meat and vegetable supper will be held in the Presbyterian church on Thursday evening, October 23d. The price for the full course will be 50 cents.

Sergeant George Hile who has been on duty with the army of occupation in France and Germany for the past eighteen months, returned to Curwensville on Sabbath morning. He was accompanied by a comrade. The sergeant is a brother of Mrs. Walter Norris, of Pike township. He liked the life of a soldier well enough, but was glad to plant his feet on good American soil again.

Ed. Fee, of New York, who resided in this town some twenty-five years ago was a town visitor last Friday. He met a few of the lads who played with him along the river bank, now

JORDAN'S

THIS COLUMN FOR BOYS AND GIRLS AND PARENTS

Winter Quarters in the Woods

While summer is here all animals may camp more or less in the open air, but winter with its icy winds and fierce storms calls for snuggler and more protected homes and late autumn finds them seeking sheltered quarters. Burrows in the earth are deepened, holes in trees sought out and warmly lined and dens amid tumbled rocks appropriated by these little folks of the wild.

By careful searching you may find some of these woodland homes; they are plentiful enough. One tree is known to have harbored several families, each one the natural enemy of the others, yet they were all alive when discovered. At the foot of the tree under some rocks was the entrance to the home of a fox. The hole higher up, and still higher, in another hole, some flying squirrels were housed.

The FOX is a sensible fellow in regard to fresh air and will not resort to his stuffy den except in bad weather, choosing rather to sleep out under bushes or hidden amid underbrush. It is usually the storms of winter that drive him to cover in burrows underground or into hollow logs or old tree trunks and he is out again when fair weather comes. Being so seldom at home you may meet him almost any time of day, though as a rule he does his hunting in the gray of early morning and the evening twilight.

Sometimes the WHITE-FOOTED MOUSE builds his one-room house deep in the forest, but oftenest it is near a clearing in a tangle of vines and bushes. The nest—like a bird's—is made of grasses, moss, dried leaves, and much tree bark. It is rounded in

shape and the small doorway is likely to be on the lower side.

grown to manhood, but the majority of the people had outgrown his memory. He commented on the rapid strides this town had made toward the line of prosperity during his absence. He is now following railroad-ing.

Mr. and Mrs. J. E. Carpenter of the Park House left yesterday for Pittsburgh where they will spend the week visiting with friends.

Oscar Mulholland and family went to Karthaus last Saturday to spend several days visiting relatives of Mr. Mulholland.

County Commissioner's Clerk L. C. Norris and wife of Clearfield were Curwensville visitors over Sunday.

One Book Among Thousands

BY ISABEL CLAYTON
Francis W. Parker School

Can you find a number in a telephone book? All right, then, you can also find a book in a library.

Books are listed in the library's card catalog by author, title, or subject. For example, you would find the book "Wild Animals I Have Known," by Ernest Thompson Seton, under the author "Seton" in the drawer marked S; under the title "Wild Animals I Have Known" in the drawer marked W; and under the subject "Animals" in the drawer marked A.

In the upper left hand corner of the card you will find some numbers and letters. For this book the number is "590" with "Sc7W" written right underneath it. These are what is known as the shelf or call number

590 Seton, Ernest Thompson 1860
Sc7W Wild Animals I Have Known

New York, Charles Scribner's Sons
1916 357 p. illus. pl. 8"

and show the location of the book on the shelf. If the library does not permit people to go to the shelves, hand this number on a slip of paper to the librarian and she will get the book for you.

If you are permitted to go to the shelves, you will find the books arranged in numerical order according to the Dewey Decimal Classification. All books on one subject have the same number; for example, 590 is the number for books about animals.

The "Author Number," Sc7W, is used to distinguish between the different books on the same subject. All the animals, or "590" books will be arranged alphabetically according to the authors' names. "Sc" of course stands for Seton; but, if there were "Se" only, you might think it stood for Sedgwick, Seeley, or Sevell. The "7W" shows which "Se" it is.

Biographies are an exception to this rule. They are arranged alphabetically by the names of the persons written about. Fiction, or stories that are not true, are placed by themselves and are arranged alphabetically by the author number alone.

Howard Mays, a resident of Bloomington, died Sunday morning. He had been ill a long time and his demise was not unexpected by those who were acquainted with his disease. He formerly resided on South Side, and after removing to Bloomington followed the occupation of a miner. He was aged about 25 years and was a brother of Harry Mays and Mrs. Deers of this place. His funeral will be held on Tuesday. Interment in Oak Hill cemetery.

CHILLY NIGHTS DEMAND WARMER SLEEPINGWEAR

The nights are close when you'll want to have just a little warmer sleepingwear. Where will you find better stocks of outing night gowns, outing sleeping garments for kiddies—why worry about keeping them covered—outing skirts, and we are also showing some exceptionally good knit skirts.

Come in and look them over. The assortments are complete now; later on they will not be so plentiful. We suggest early buying.

He's back again! Who?
"DOUG" FAIRBANKS in

Reaching for The Moon

And take our word for it, it's some picture. Have you ever reached for the moon? Have you ever become disgusted with your menial position and longed to be a second Rockefeller? Yes? Well, that is what happens to "DOUG". He appears as a poor button hole maker, who in an effort to grasp the "moon" get himself mixed up in a royal quarrel, involving two little kingdoms. Come around and see how thoroughly "DOUG" Americanizes them! To repeat, it's SOME picture. Also a Special Comedy and Pathe News

MACK SENNET'S BATHING GIRLS
IN PERSON, in

Yankee Doodle in Berlin

Beautiful mermaids of the sea! Appearing in the most wonderful bathing costumes ever conceived! Here is something NEW. First you see that funniest of travelogues, "YANKEE DOODLE IN BERLIN," with BOTHWELL BROWNE and the BATHING GIRLS. Then the original girls, who played the principal parts in the picture, step out before you in the most alluring costumes. It is a real feature and one that you cannot afford to miss. The prices will be: Matinee, 25 cents. Night, 50 and 75 cents, plus war tax

WEDNESDAY, OCTOBER 22ND

Our reputation for REAL feature pictures is established. But what of a REAL serial? But we've found something good. It is

Elmo The Mighty

and it stars ELMO LINCOLN, that tripping young giant who won so much praise in "TARZAN OF THE APES". It is a land in the great North-west, and every thing that can be classified as thrill will be found in this. Remember GRACE CUNARD, of "BROKEN COIN" fame? She is Elmo's leading lady. Our feature is "FIGHTING BLOOD," starring that virile actor WILLIAM PARNUM, in a stirring western role.

A Fallen Idol

In this picture Miss Nesbit is given an opportunity to display her wonderful emotional ability. The picture is dramatic, powerful, and one that will grip you from the opening unto the final fade-out. The beautiful gowns worn by Miss Nesbit will doubtless appeal to the women, as they are the late model by Lucile.

And don't forget that this is "RED GLOVE" night. Special Comedies.

Better Times
IS HERE!

THE TURN IN THE ROAD

Do you recall how "THE TURN IN THE ROAD" gripped you last Friday? Here's a second by that splendid director, KING VIDOR, and it's better than the first. "BETTER TIMES" isn't a proclamation against pessimism, nor a sermon on hope, but it illustrates, in a clever and entertaining fashion, one very human truth. You'll feel better after seeing "BETTER TIMES." Your food will digest with less opposition, and the birds will sing more sweetly. If you've got a friend with a grouchy, long him to see "BETTER TIMES." Mark Sennett Comedy. Pathe News and Vox-A-Vox Pictures. Travelog.

CLARA KIMBALL YOUNG in
Cheating Cheaters

Let us frank tell everyone of us enjoy a good melodrama. One of the best in town melodramas put that truth on to the core. And "CHEATING CHEATERS" is the "cheat" we've presented yet. Imagine the surprise of the cheaters when they discover another cheater cheating them. As a play, it ran two years on Broadway, and as a picture—but come and satisfy yourself about the melodrama's entertaining qualities. CURRENT EVENTS CHRISTIE COMEDY
